**Interior Description** The interior has been carefully reconfigured to create a refined yet practical family home. A bright, dual-aspect open-plan living and dining area forms the heart of the apartment, opening directly onto the gardens and providing a seamless connection between indoor and outdoor spaces. The contemporary kitchen is fully fitted with integrated appliances and clean-lined cabinetry, offering a functional and elegant setting for daily living and entertaining alike. Two spacious principal bedrooms feature modern en-suite bathrooms and fitted wardrobes. Two further bedrooms - one arranged as twins and one as a bunk room - provide flexibility for children, guests or visiting family. A third full bathroom serves the secondary bedrooms and main living areas, maintaining comfort and privacy for all occupants.

**Outdoor Living** The private courtyard offers a discreet, shaded retreat for morning coffee or evening relaxation. From the main living space, residents step directly onto the south-facing communal gardens and pool area - a rare combination of privacy and openness that works particularly well for families and longer stays.

**Community & Amenities** Villa Marina is a well-established, gated residential community where short-term holiday rentals are not permitted.
